GRADUATES EMPLOYER SATISFACTION SURVEY

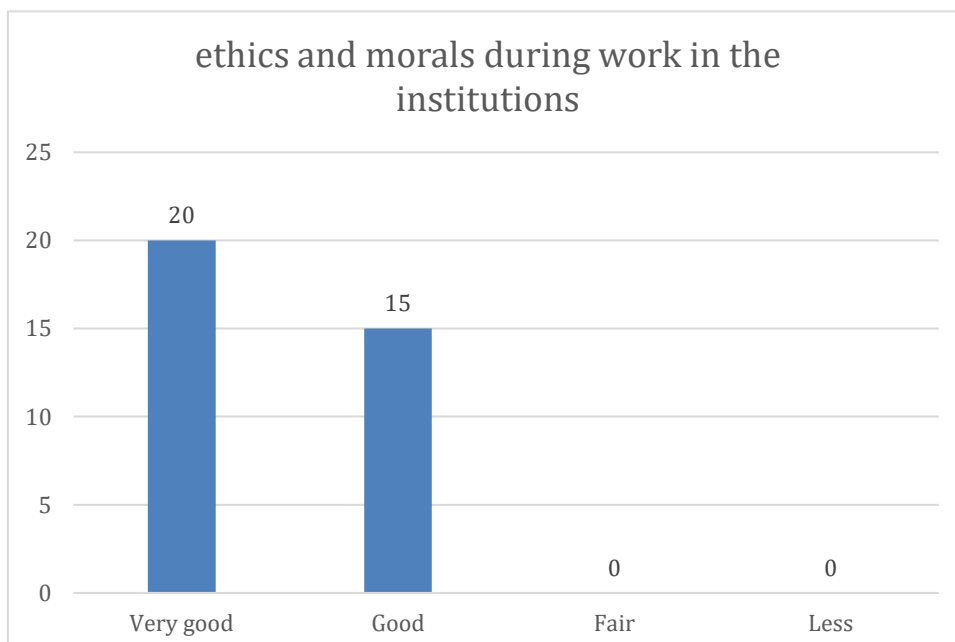

JAPANESE LANGUAGE EDUCATION STUDY PROGRAMME

A graduate employer satisfaction survey is a survey conducted with the aim of knowing the opinions of stakeholders or users of graduates of the Japanese Language Education Study Programme. The number of respondents who filled out the survey was 35 respondents. The following shows the results of the survey.

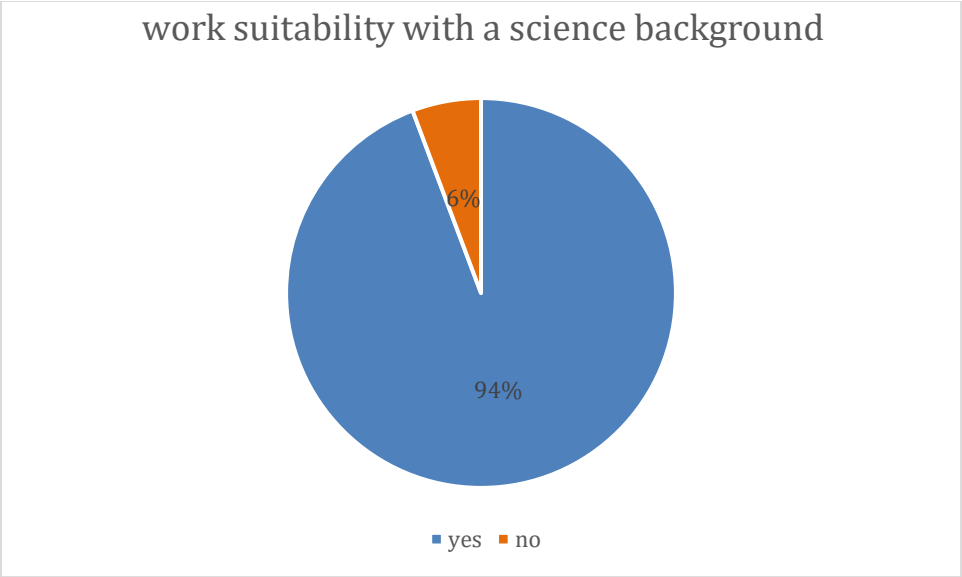

1. As long as they work in your institutions/company, do you always comply with institutions/company regulations?

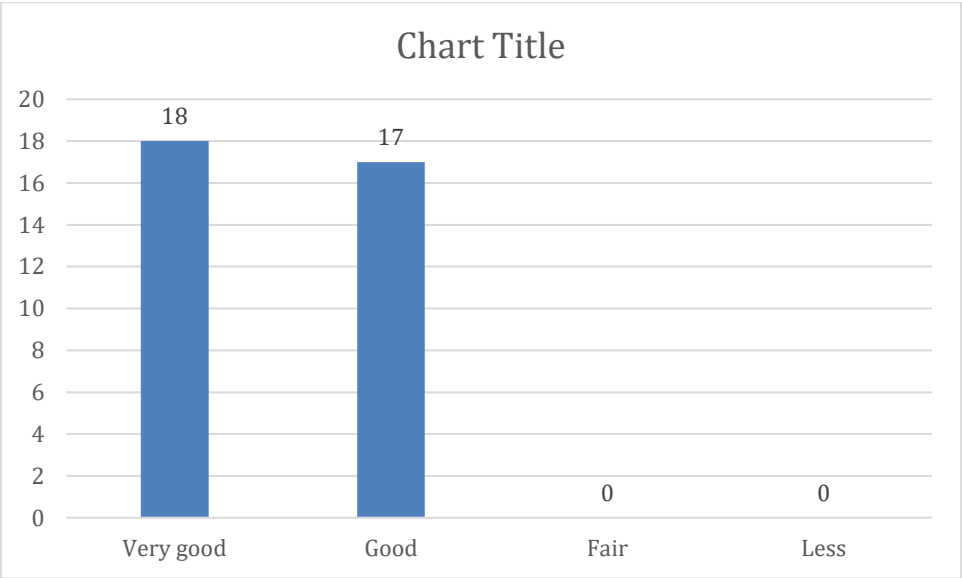

2. How are their ethics and morals while working in your institutions/company?

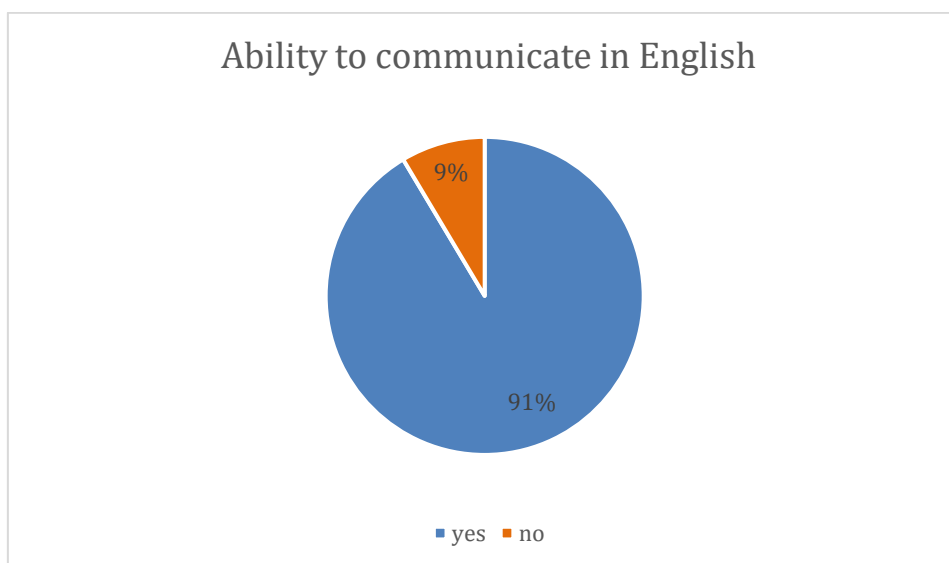

3. Do they work suitable to their scientific background?

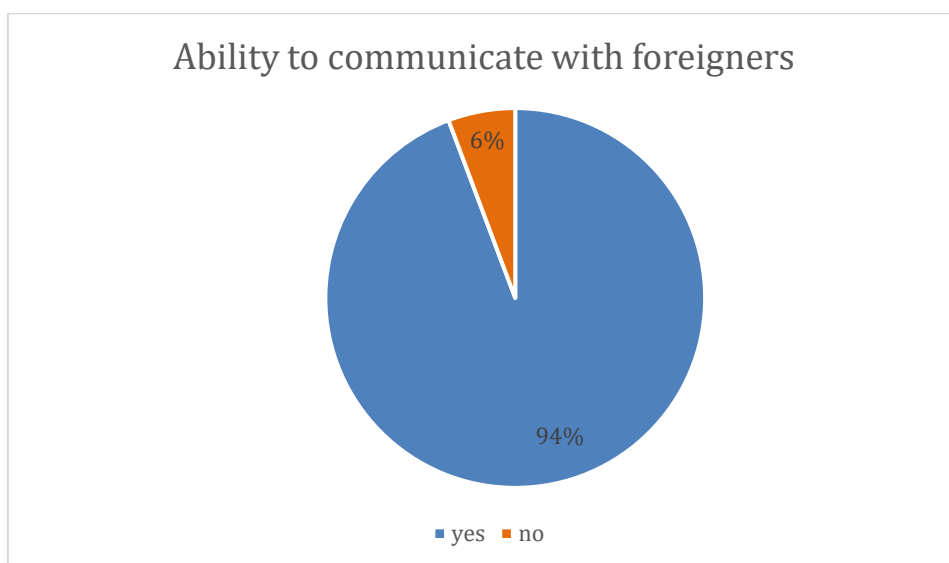

4. How is their performance/ability compared to graduates from other universities who work in your institution/company?

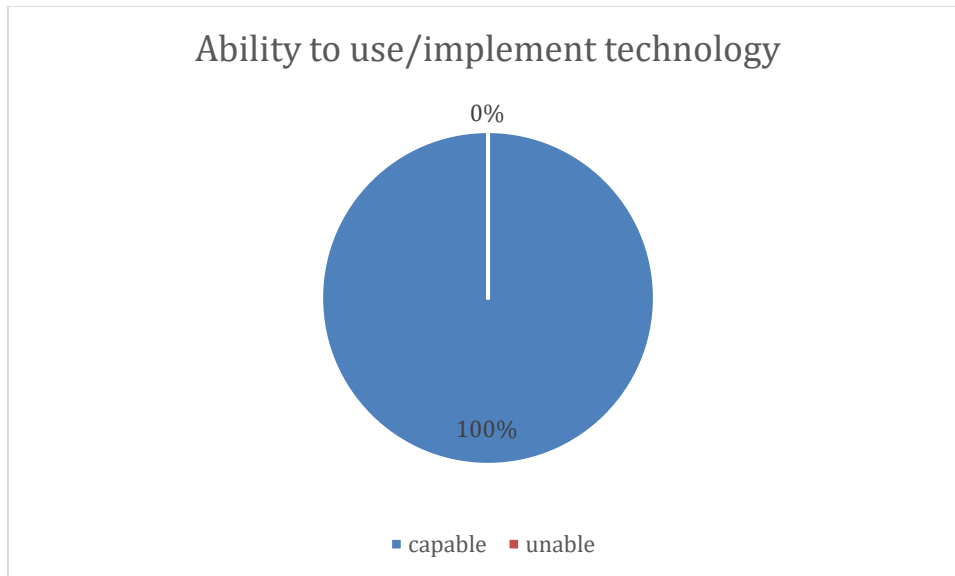

5. Are they able to communicate in English well?

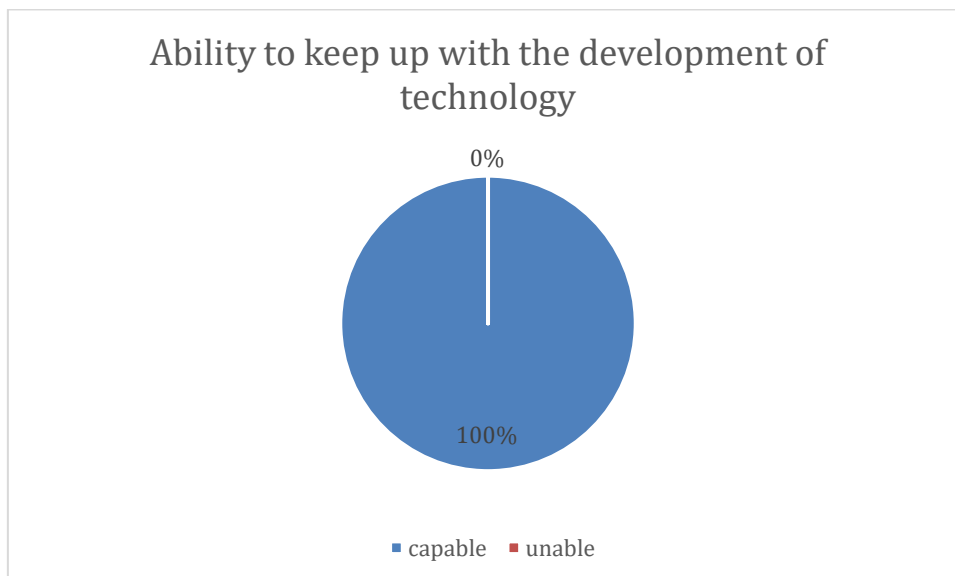

6. Are they able to communicate with foreigners?

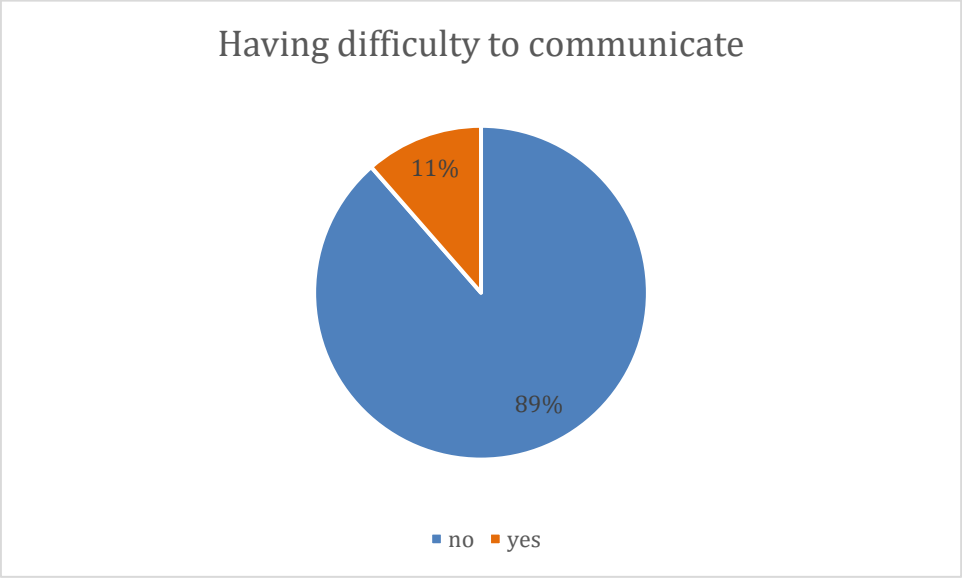

7. Are they able to use/implement technology at work?

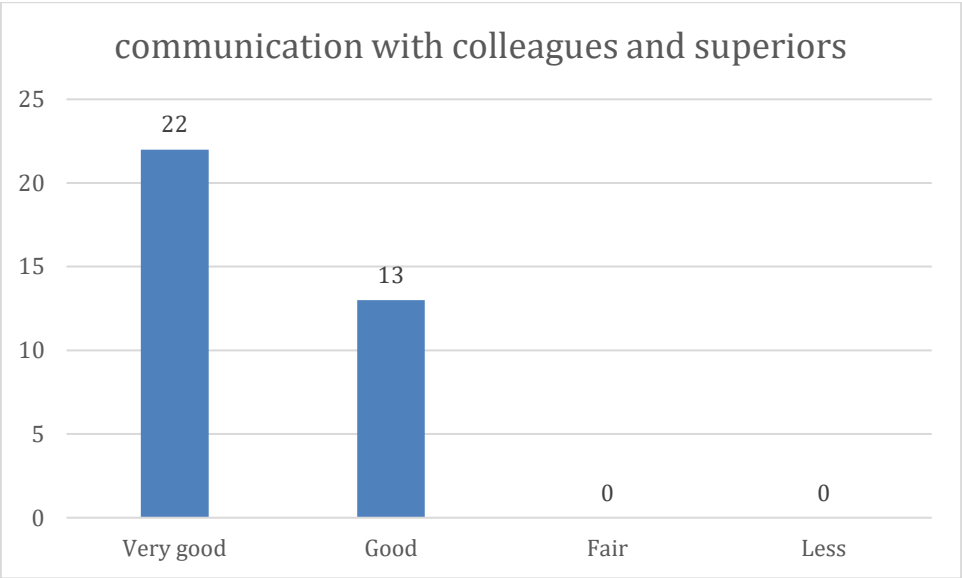

8. Are they able to keep up with technological developments at work?

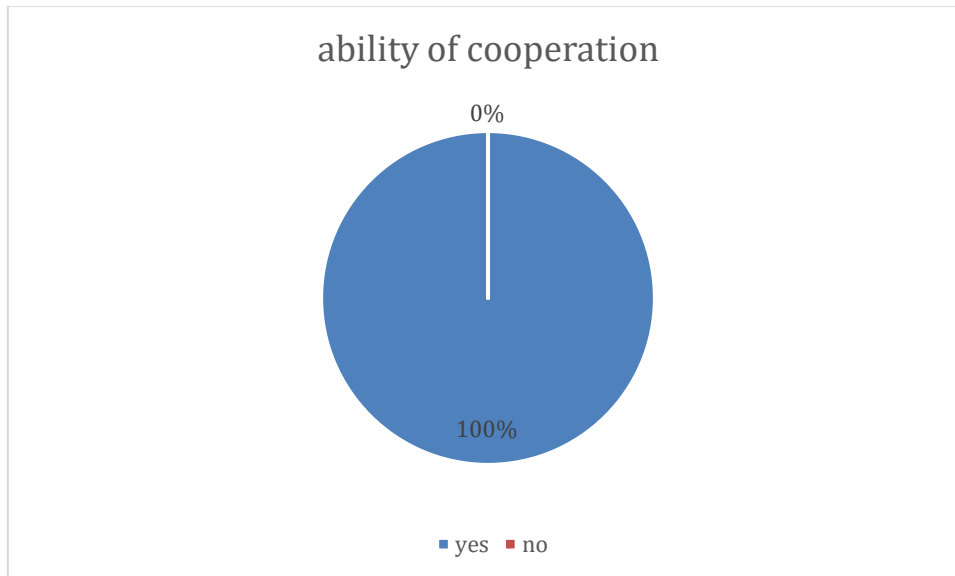

9. Have you ever had difficulty communicating in your institutions/company during their work?

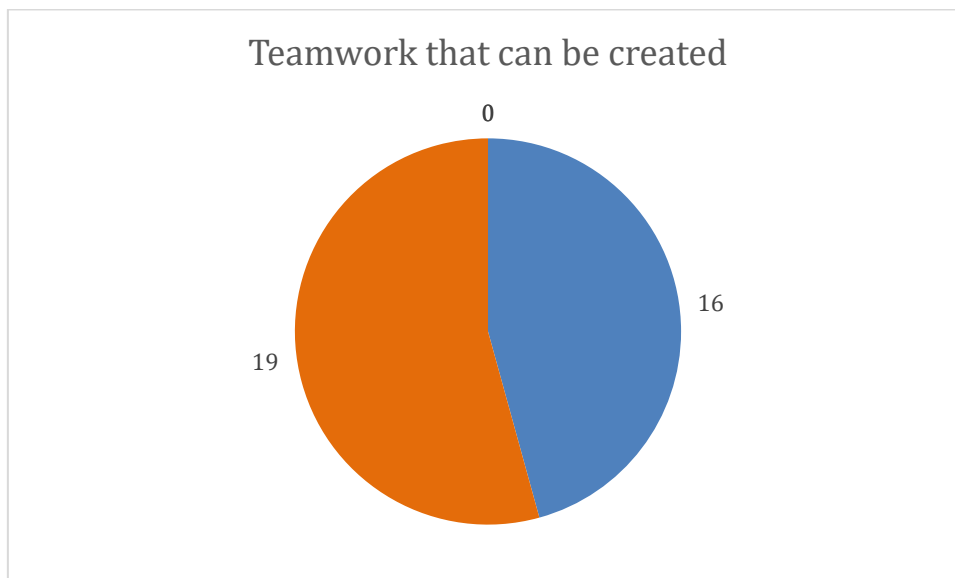

10. How have they communicated with their colleagues and superiors?

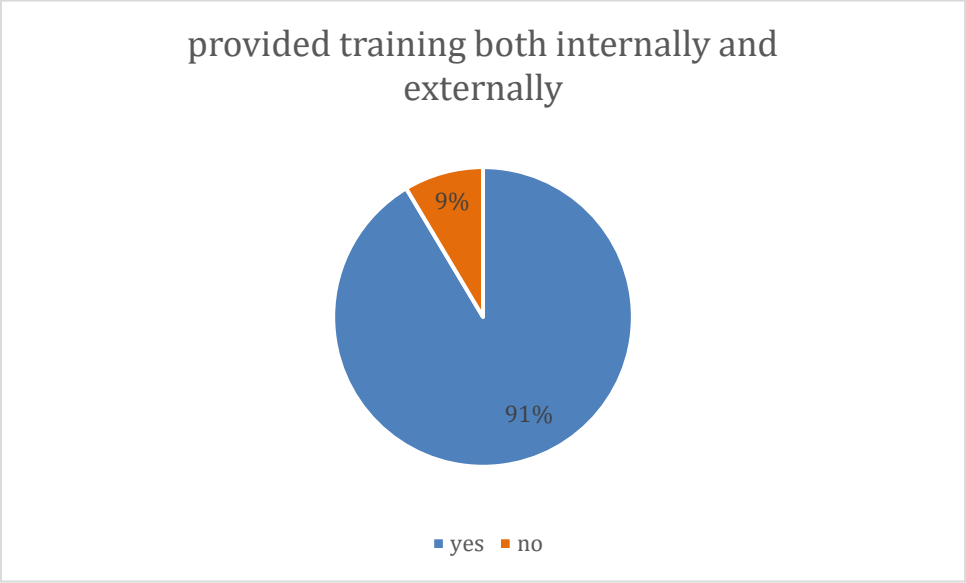

11. Are they able to work well together?

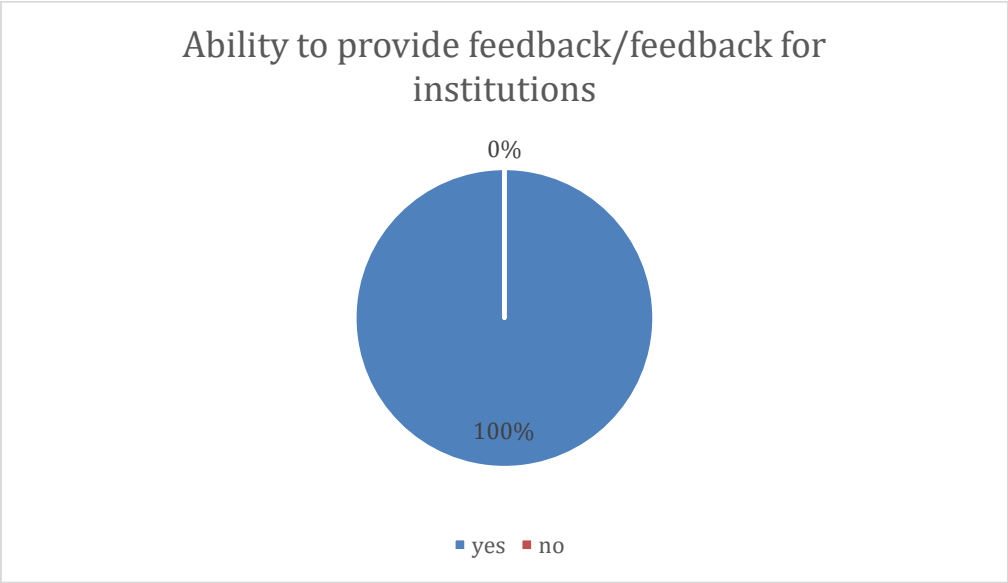

12. What kind of teamwork can they create?

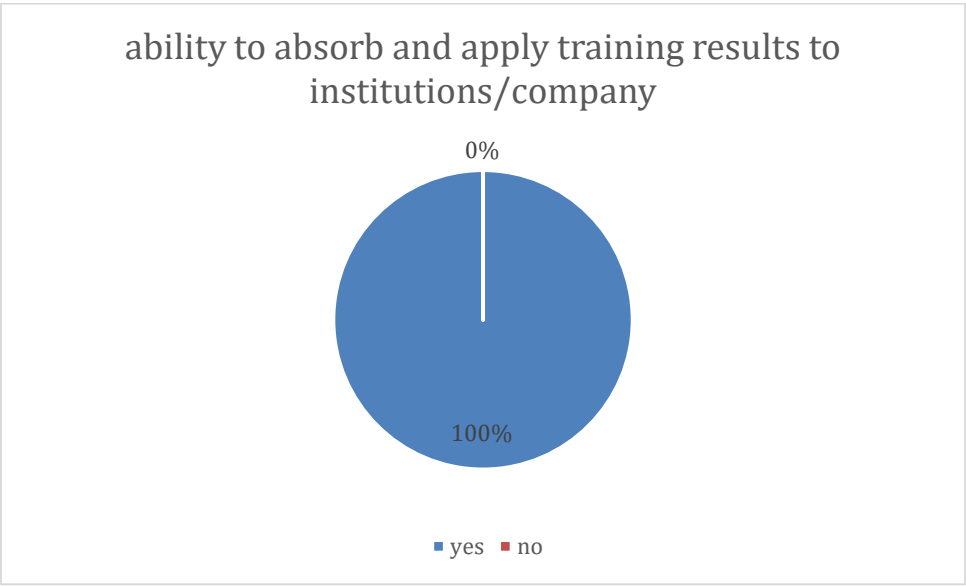

13. Are they often given training both internally and externally by the institutions/company?

14. Are they able to provide feedback to the institutions/company after being given training?

15. Are they able to absorb and apply the results of the training to the institutions/company?

16. Are they able to develop themselves?
