

GRADUATE USER SATISFACTION SURVEYS OF

BALINESE LANGUAGE EDUCATION STUDY PROGRAMME (BACHELOR DEGREE)

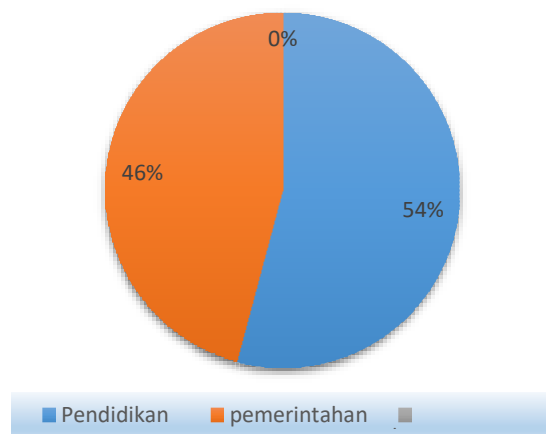

FACULTY OF LANGUAGE AND ARTS

Universitas Pendidikan Ganesha
2021

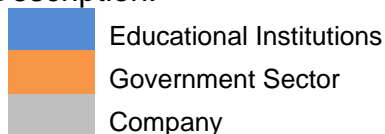

GRADUATES EMPLOYER SATISFACTION SURVEY BALINESE LANGUAGE EDUCATION STUDY PROGRAMME REPORT

The graduates employer satisfaction survey is a survey conducted to know the opinions of stakeholders or employers of graduates of the Balinese Language Education Study Programme. The number of respondents who filled out the survey is 24 respondents. The survey is distributed via google form with the assistance of alumni to communicate to the leadership of the workplace. Graduates primarily work in educational institutions, as shown in the diagram below;

Number of Graduates of Balinese Language Education Study Programme

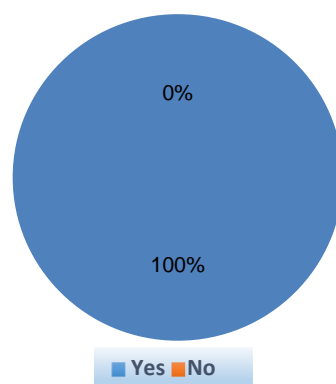

Description:

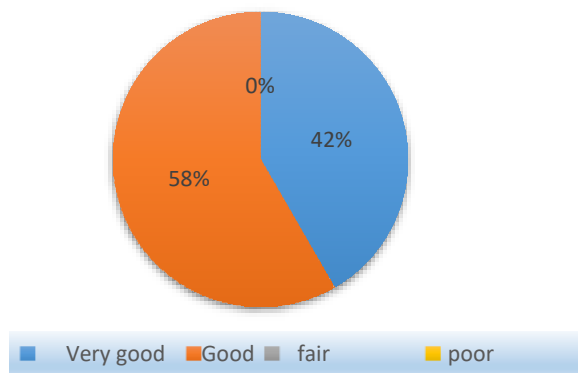

The following describes the survey results from graduate users;

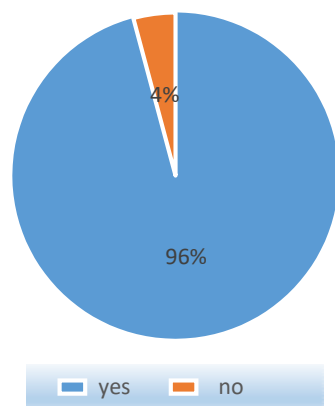

1. Do graduates always comply with institution/company regulations?

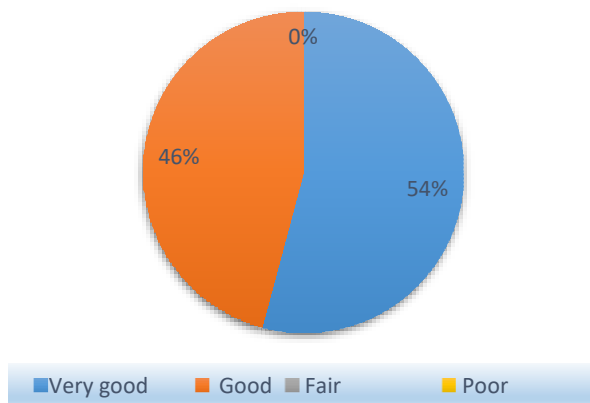

2. How are their ethics and morals while working in your institution/company?

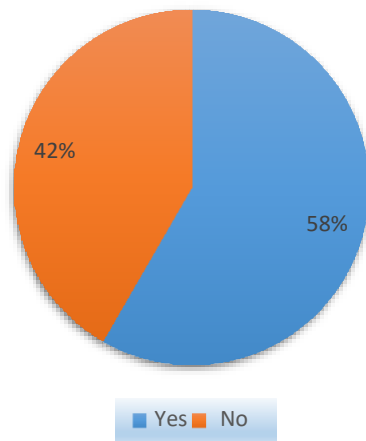

3. Do they work according to their scientific background?

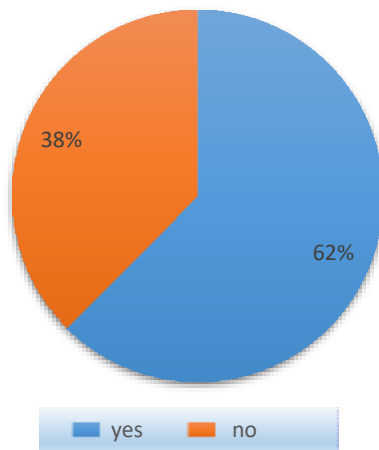

4. How is their performance/ability compared to graduates from other universities who work in your institution/company?

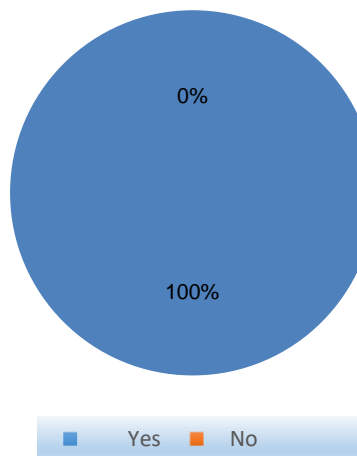

5. Are they able to communicate in English?

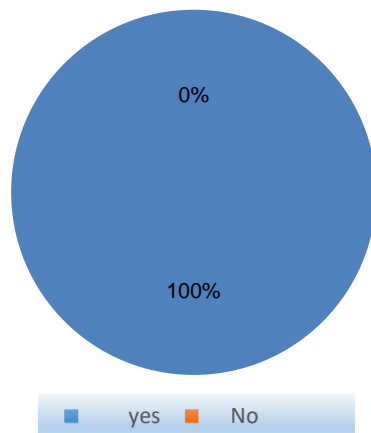

6. Are they able to communicate with foreigners?

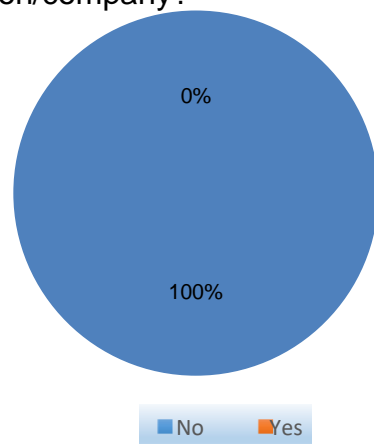

7. Are they able to use/implement technology at work?

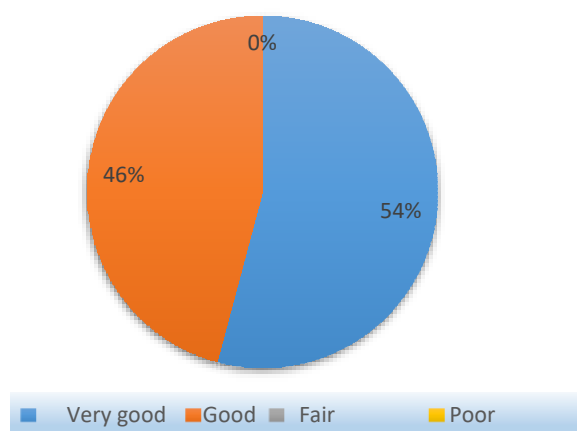

8. Are they able to keep up with technological developments at work?

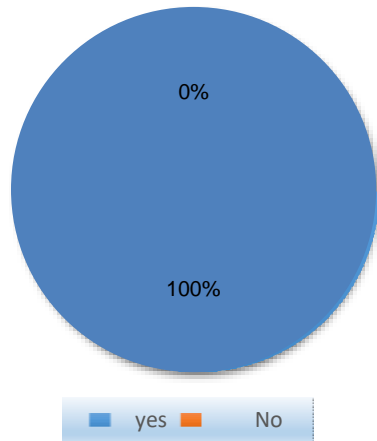

9. Have they ever had communication difficulty while working in your institution/company?

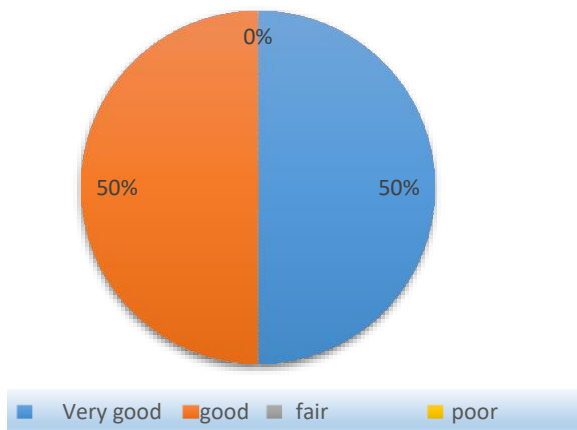

10. How have they communicated with their colleagues and superiors?

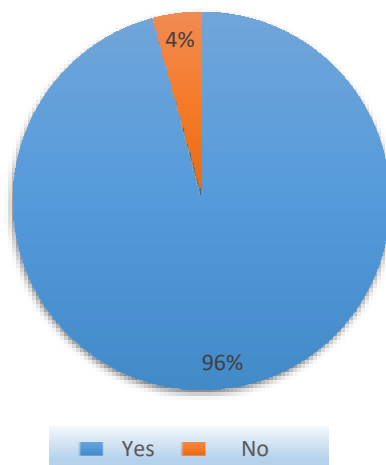

11. Are they able to work well together?

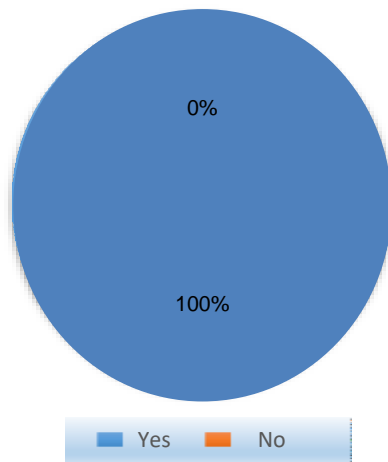

12. How teamwork can they create?

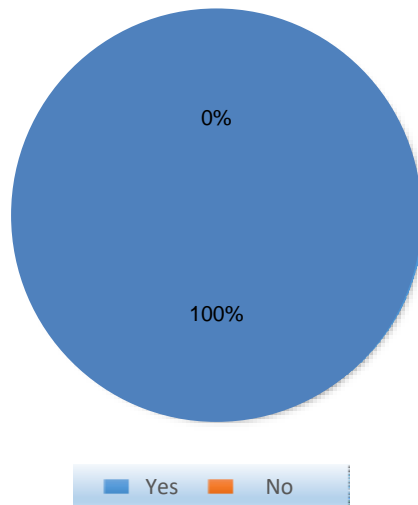

13. Are they often given internally and externally training by the institution/company?

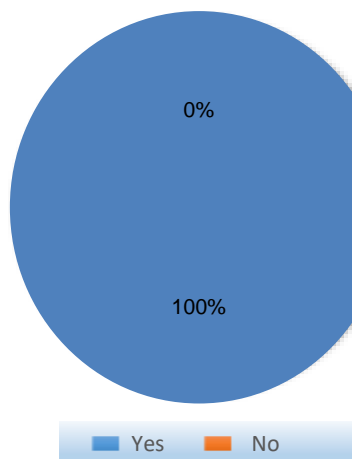

14. Are they able to provide feedback to the institution/company after training?

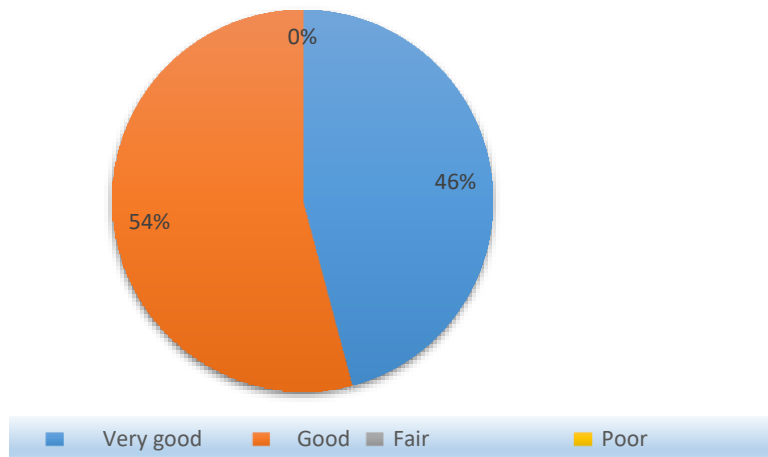

15. Are they able to understand and apply the training results to the institution/company?

16. Are they able to develop themselves?

17. How is the quality of their self-development?

The employer satisfaction survey results on alumni who have worked in educational and government agencies are very useful for reflection to improve student skills according to the needs in the world of work. Therefore, they can be more well prepared to enter the world of work, and the quality of alumni's performance would be increased.
